MEASLES INITIATIVE

Before global health leaders formed
the Measles Initiative in 2001, more
than 750,000 children worldwide
died from measles each year.

Since 2001, the Measles Initiative has
vaccinated over 700 million children.
Globally, measles deaths have
dropped by 78%.

You can make a difference!!
One child can be vaccinated
against this disease for as little
as *one dollar*.
